

Brake Upgrade Kit Specifications

Model: AUII – AUIII Falcon
Part nos: PK2 - 4

The combination of all the benefits listed below lead to a significant reduction in stopping distance.

Features	Original Specification	Performance Specification	Benefits
Larger front rotors	Ø287 x 28 vented	Ø325 x 32 vented	Increased brake response Improved thermal performance
Larger rear rotors	Ø287 x 16 solid	Ø303 x 16 solid	Increased brake response Improved thermal performance
Slotted rotors front and rear	No slots	6 straight slots per rotor	Increased pad bite Reduced brake fade
Larger front disc pads	Pad area 62.0cm ²	Pad area 73.1cm ²	Improved thermal performance
Performance friction material	Passenger car formulation	Performance rated formulation	Increased pad bite Reduced brake fade
Stiffer front calipers	Standard caliper housing	Larger caliper housing	Increased brake response Reduced pedal travel
Performance brake hoses	Rubber brake hoses	Steel braided brake hoses	Increased brake response Reduced pedal travel
Improved caliper finish	As cast	High gloss Flame coating	More aggressive appearance
